1. ARTIST PORTRAIT

ARTHENA MAXX

Born on May 19, 1969 in Bärnbach, AUSTRIA, 3 children, 4 trainings and international freelance artist For Arthena MAXX "painting is my boundless floating space in a fantastic, unpredictable realism." The eyes and fragments of the eyes are the recurring theme of Arthena MAXX, which, in their diversity and beauty, serve as observers, perceptors and also as a look inward and keep the artist fascinating. For them they are the instrument to show world events, emotions, the beautiful and also to show the critical. Arthena MAXX is characterized by individuality, courage and courage. The artist impresses with her high quality of technology, originality and creativity in fantastic realism. As an autodidact, she went or went her way purposefully, in the development of her own painting techniques, in the mix of materials and picture compositions and above all in the selection of the substrates on which she paints. That is why she herself developed a special technique to ensure the durability of her work to maximize the outdoors for years to come. It is important to leave a statement, a message in every picture, to stimulate imaginative reflection, to overcome boundaries and still build bridges, all in the deepest connection to positive wholeness. His development soon bore fruit in 2015 in Switzerland as a member of the Kunsthaus Zug and in 2017 in Austria in the renowned Kunstraum gallery in Vienna.

Her art friends today include internationally successful businesspeople such as Bruce M. (former hedge fund owner), Papp Kalman, head of the National Guard for Economics and Finance in Hungary, other artists such as the star trumpeter Hofrat Prof. Anton Maier, manager and author Mag. Hubert Thurnhofer, Otto Ressler from Ressler Art Auctions, other mentor Joram Harel, especially PLETZER GROUP and Mr. Nour Nouri from Pashmin Art Consortium and since 2021 Mag. ARTHENA MAXX LUKMANN

“ I always paint to understand the world, to process it and to organize it for myself. Painting is my limitless floating space in fantastic, unpredictable realism – where more is always more. ”

For Austrian artist, Arthena Maxx Lukmann, art is a creative act in the symbiosis of colour, technology, aesthetics, passion of the heart, freedom of thought, flow, feeling and personal attitude.

Art connoisseurs have described the artist's work as a "symphony of creativity" and Maxx was listed as one of the Best 300 Artists in the world by Masterfile in 2020. The artist has participated in a range of world-class exhibitions, with a selection of her artworks most recently on display in a group exhibition at Hong Art Museum in Chongqing.

ARTMODEL emerged from Arthena Maxx's creative flair and her friendship with artist and model, Viktoria Greinö. Art, fashion, photography and storytelling collide to form spectacular, hand-painted pieces set in striking compositions – with the dress shown here depicting the history of Austria through a combination of gold, silver and copper leafing, painting and collaging techniques.

Intuitively created and utterly mesmerizing, Maxx's creations bring a powerful and authentic feminine self into visibility.
